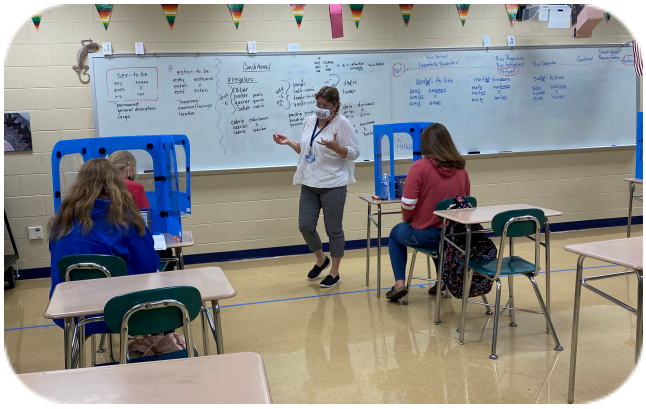
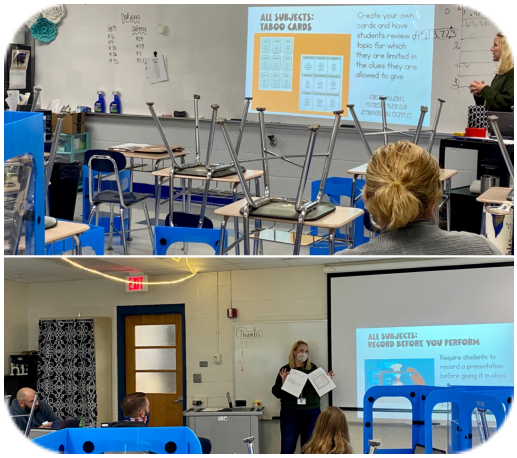
ELECTRIC HIGHLIGHTS

September 25, 2020



Mrs. Lucas (PHS Spanish/ASL Teacher) is helping her Spanish 3 students construct a digital "escape room" at PHS.

RES fifth graders take flight by applying the scientific method process to building and adapting their own paper airplanes. Each flight got better and better by making adjustments to each plane based on observations.



Mrs. Ehrick (PJHS Gifted Teacher) provided PD sessions for each grade level at PJHS. Our teachers were able to learn ways to stretch student thinking in their classrooms with different strategies that could be used in any content area.

FLCS students are doing Service Learning in the Little Bolts Preschool. They have been doing a great job building and providing positive relationships for our preschool students. Way to go Imogen, Kendel, Renee, and Renee! Thank you to our preschool staff for their support!

DFE students in Mrs. Grubb's (DFE 1st Grade Teacher) class are retelling the story "Creepy Carrots".
