

3.00 PERSONNEL POLICY GOALS

The personnel employed by the Franklin Local School District constitute the most important resource for effectively conducting a successful education program. The District's program will function best when it employs highly qualified personnel, conducts appropriate staff development activities, and establishes policies and working conditions which are conducive to high morale and which enable each staff member to make the fullest contribution to District programs and services.

The goals of the District's personnel program shall include the following:

- A. To develop and implement those strategies and procedures for personnel recruitment, screening, and selection which will result in employing the best available candidates, i.e., those with the highest capabilities, strongest commitment to quality education, and greatest probability of effectively implementing the District's education program.
- B. To develop general deployment strategy for the greatest contribution to the education program and to utilize it as the primary basis for determining staff assignments.
- C. To develop a climate in which optimum staff performance, morale, and satisfaction are produced.
- D. To provide positive programs of staff development designed to contribute both to improvement of the education program and to each staff member's career development aspirations.
- E. To provide for a genuine team approach to education, including staff involvement in planning, decision-making, and evaluation.
- F. To provide competitive compensation and benefits as well as other provisions for staff welfare.
- G. To develop and utilize for personnel evaluation positive processes which contribute to the improvement of both staff capabilities and the learning process.

A.
Qualifications

Qualifications for positions in the Franklin Local School District shall be established in the job description for the position. In general, the Board will approve qualifications that indicate that the candidate for a position has the training and professional competency to satisfactorily contribute to the achievement of the goals and objectives adopted by the Board. The qualifications for credentialed personnel are established by the State Board of Education and are the minimum qualifications required by the Board. In any organization, it is important that the responsibility for decision-making be clearly delineated. This is particularly true if the Superintendent of Schools for one reason or another is unavailable. In these cases, there should be a clear line of administrative succession which designates both responsibility and authority.

The Superintendent of Schools shall make his/her whereabouts known to the central office staff and the Board at all times. If the Superintendent leaves the District, he/she shall make every effort to communicate his/her itinerary to the executive secretary, who, in turn shall inform others who need to know. In case of a bona fide emergency, every effort will be made to notify

the Superintendent of the situation. If the Superintendent is unable to be reached, the responsibility and the authority to act for the District shall fall to the Assistant Superintendent.

In cases when both the Superintendent and Assistant Superintendent must be out of the District, the Superintendent will designate a district administrator or principal to be in charge. When the Board determines that it is necessary to reduce the number of administrators currently employed in the District, it may suspend administrative contracts in whole, or in part, in accordance with this policy. The suspension of administrative contracts under this policy shall also be known as an administrative reduction in force (RIF) and may be implemented by the Board for any one or more of the following reasons:

1. the financial condition of the School District
 2. financial circumstances affecting a particular program or grade level(s) within the School District
 3. declining enrollment in the District as a whole or in a particular program(s) or grade level(s) within the District
 4. the closing or consolidation of school buildings
 5. staff reorganization in response to changes in law, curriculum, education policy, or the changing needs of the School District
 6. the abolishment of administrative positions
 7. territorial changes affecting the School District
 8. the return of regular administrators from a leave of absence or from disability retirement
- B. When implementing an administrative RIF, the Board shall proceed to suspend contracts in accordance with the recommendation of the Superintendent of Schools. In making such recommendations, the Superintendent shall first identify the administrative service areas in which reductions need to occur, which areas need not conform strictly with state licensure/certification fields. Within these service areas, reductions shall be made according to the needs of the District as determined by the Superintendent. Demonstrated success and suitability for the available assignments shall be the primary considerations in such determination. Years of service in the District as an administrator shall also be considered, but shall not be the primary or overriding factor.
- C. The Superintendent may recommend the reassignment of any administrator suspended under the foregoing procedure to another position for which he/she is properly licensed or certificated, if the individual currently holding such position has fewer years of service in the District as an administrator.
- D. If such reassignment is recommended by the Superintendent and approved by the Board, the administrator currently holding the position shall be displaced, and his/her contract suspended. Administrators whose contracts have been suspended under this policy shall have a right to be recalled to an administrative position for which they are qualified if such openings occur within twenty-four (24) months of their last day of active employment in the District as an administrator. When more than one suspended administrator is properly qualified for a given opening, priority in the recall shall be given to those individuals having longer administrative service within the District. "Qualified," as used in this paragraph, shall mean (1) possessing the necessary certification or licensure for the position and (2) having such other experience, training, or qualities as are deemed necessary by the Superintendent in his/her sole discretion. In

no circumstance shall an administrator be entitled to recall to a position which would constitute a promotion.

- E. It shall be the responsibility of the suspended administrator to provide the Board with a current address and telephone number for purposes of notification. The failure of a suspended administrator to respond within seven (7) workdays of notification shall be deemed a rejection of the offer of recall. Administrators who hold continuing contracts as teachers within the District shall enter the teachers' bargaining unit following the suspension (RIF) of their administrative contract. Their rights upon entry into the teachers' bargaining unit shall be determined in accordance with the applicable provisions of law and the collective bargaining agreement, as it exists at that time.
- F. The term "suspension" as used in this policy in relation to administrative contracts shall not be taken to indicate either a continuing employment relationship following the suspension or the resumption of a previous contract upon recall. The suspension (RIF) of an administrative contract under this policy shall entirely sever the employment relationship between the parties. Upon recall, an entirely new contract shall be entered into.

Each administrator and supervisor shall be evaluated annually through a Board adopted written evaluation and in accordance with O.R.C. §3319.02.

Philosophy of Performance Evaluation

The Board of Education has a responsibility to create a favorable climate for all administrators in which to perform their duties and meet their responsibilities to the children and community. The school system uses its evaluation procedures to facilitate this goal.

The insight and growth of each administrator resulting from participation in the evaluation process, are more significant than the process itself. Evaluation should be continuous and should be a constructive, cooperative enterprise between the administrator and the evaluator.

The evaluative process is tailored to the individual's needs and minimizes the comparison of one person's performance with that of another. Each administrator has the opportunity to use initiative and leadership in defining specific goals and working cooperatively with his/her evaluator in accomplishing them.

Evaluation in the Franklin Local Schools is constructed to promote improved performance, professional growth, and professional integrity. Evaluation instruments shall be developed and/or utilized by the Superintendent as he/she determines to be appropriate in his/her professional judgment.

- A. The evaluation shall be conducted by the Superintendent or designee.
- B. The evaluation shall measure each administrator's effectiveness in performing the duties outlined in the job description.
- C. In order to provide time to show progress in correcting deficiencies identified in the evaluation process, the evaluation process shall be completed as follows:

1. In any school year that the administrator's contract is not due to expire, at least one (1) evaluation shall be completed. A written copy of the evaluation shall be provided to the administrator no later than the end of his/her contract year as defined by the annual salary notice.
 2. In any school year that the administrator's contract is due to expire, at least a preliminary evaluation and at least a final evaluation shall be completed. A written copy of the preliminary evaluation shall be provided to the administrator at least sixty (60) days prior to any action by the Board of Education on the administrator's contract. A written copy of the final evaluation, indicating the Superintendent's intended recommendation to the Board of Education regarding a contract for the administrator, shall be provided to the administrator at least five (5) days prior to the Board's action to renew or not renew the contract.
- D. Before taking action on the administrator's contract, the Board of Education will send written notice to the employee of the pending action and advise him/her of the date the contract expires and of his/her right to request a meeting in executive session at which the Board shall discuss its reasons for considering renewal or nonrenewal of the contract. The administrator shall be permitted to have a representative present at this meeting.
- E. The Superintendent's recommendation shall be considered by the Board when acting on an administrator's contract.
- F. If the Board takes action to nonrenew the contract of an administrator, the administrator shall be provided with written notice of the Board's action on or before the last day of March of the year in which his/her contract expires.

This evaluation procedure does not create an expectancy of continued employment. Nothing contained herein shall prevent the Board of Education from making the final determination regarding the renewal or nonrenewal of the contract of any administrator. However, if the Board fails to evaluate the administrator pursuant to paragraph C. of this policy, or fails to provide a meeting to the administrator at his/her request, pursuant to paragraph D. of this policy, the administrator shall automatically be reemployed for the period of one (1) year at the same salary plus any increments authorized by the Board, except that, if the administrator has been employed by the district for three (3) years or more, the period of reemployment shall be for two (2) years. It is the policy of the Board of Education that District administrators be entitled to the same benefits provided to teachers under the terms of any current agreements or policies, except where greater benefits have been awarded under the terms of a personal contract between the administrator and the District.

Administrators may not benefit from this policy if they are participants in negotiations with teachers.

Additionally, the Superintendent, Treasurer and other 260 day administrator shall be entitled to cash in up to twenty (20) days of unused vacation days on July 31, each year, except where greater or lesser benefits have been awarded under the terms of a personal contract between the administrator and the District.

Board Approved August 16, 2011

Upon the recommendation of the Superintendent, the Board of Education may employ building principals and other administrative personnel required to accomplish the objectives of the School District in accordance with O.R.C. §3319.02. The Board shall enter into written contracts with its administrative employees specifying the employee's administrative position and duties, the salary and other compensation to be paid for the performance of the duties, the number of days to be worked, the number of days vacation, if any, and any paid holidays in the contractual year. The length of contract for principals and other administrators shall not exceed the maximum permitted by state law. Administrative personnel shall fulfill the requirements of the State Board of Education and shall meet the qualifications of education and/or experience set forth in the job description for the position.

Job Descriptions

Every administrative position shall have a specific role defined in a job description. The Superintendent shall be responsible for developing for each position an effective job description for the efficient management of the School District. In accordance with O.R.C. §3319.011, a superintendent pro tempore may be appointed by a majority of the members of the Board of Education upon determining the Superintendent is incapacitated in such a manner that he/she is unable to perform the duties of that office. Such incapacity shall be determined in one of the following ways:

- A. At the request of the Superintendent if the Superintendent is absent with pay by reason of personal illness, injury, or exposure to a contagious disease which could be communicated to others.
- B. Upon the certification of the attending physician that the Superintendent is unable to perform the duties of the office of superintendent and such Superintendent is absent without pay by reason of personal illness, injury, or exposure to a contagious disease which could be communicated to others.
- C. Upon the determination of a referee pursuant to O.R.C. §3319.16 that the Superintendent is unable to perform the duties of the office of superintendent and such Superintendent is absent with pay by reason of personal illness, injury, or exposure to a contagious disease which could be communicated to others.
- D. Upon granting of a leave of absence, without pay, requested by the Superintendent by reason of illness, injury or other disability of the Superintendent.
- E. Upon the placing of the Superintendent upon an unrequested leave of absence without pay by reason of illness or other disability of the Superintendent pursuant to O.R.C. §3319.13.

During the period of incapacity, the Superintendent shall:

- A.
 - 1. At his or her request, be placed on sick leave, with pay, not to exceed the amount of his or her accumulated but unused sick leave and any advancement of such sick leave which may be authorized by Board policy.
 - 2. At his or her request, or without such request, pursuant to O.R.C. §3319.13, be placed on a leave of absence without pay.
- B. The leave provided in subsection A.1. or 2. above shall not extend beyond the contract or term of office of the Superintendent.

The Board of Education shall annually evaluate the Superintendent. The evaluation process shall include but not be limited to the following:

- A. Effectiveness as the chief administrative officer for the Franklin Local Schools.
- B. Effectiveness as the chief educator for the Franklin Local Schools.
- C. Effectiveness as the chief representative of the Franklin Local Schools to students, the staff, the Board, the community, the State of Ohio, and the nation.
- D. Effectiveness in accomplishing specific goals, both those self-established and those established by the Board of Education for the year being evaluated.
- E. Identification of strengths and weaknesses with suggestions for improvement.

Procedure

At least once each fiscal year, the Board of Education and Superintendent shall meet in executive session for the purpose of mutual evaluation of the performance of the Superintendent. The basis for this evaluation shall be, but not be limited to, the Board adopted job description for the position of Superintendent of Schools. In the event that the Board determines that the performance of the Superintendent is unsatisfactory in any respect, it shall describe in writing, in reasonable detail, specific instances of unsatisfactory performances. The evaluation shall include recommendations as to areas of improvement in all instances where the Board deems performance to be unsatisfactory. A copy of the written evaluation shall be made available to the Superintendent. The Superintendent shall have the right to make a written reaction or response to the evaluation. This response shall become a permanent attachment to the Superintendent's evaluation. Upon the request of the Superintendent, the Board shall meet with him/her to discuss the evaluation within thirty (30) days of the delivery of the written evaluation to the Superintendent.

The annual evaluations shall be considered by the Board of Education in deciding whether to renew the Superintendent's contract; however, the establishment of this evaluation procedure does not create an expectancy of continued employment. Nothing contained herein shall prevent the Board of Education from making the final determination regarding the renewal or nonrenewal of the Superintendent's contract.

Board Approved August 16, 2011

The Board of Education supports the concept and application of team management in the administration of the Franklin Local Schools.

The Superintendent of Schools shall lead, determine structure, and designate membership for the total management team. The team is responsible to the Superintendent who, in turn, is responsible to the Board.

For operational purposes a district administrative support team representing all levels of administration shall be established to facilitate the decision-making process for the management team. Moreover, teams may be constituted as necessary to carry out specific organizational goals or objectives.

The Superintendent of Schools shall designate members of the district management team to participate with the Board negotiating team in negotiations with employee groups. While the Franklin Local Board of Education is charged by the State of Ohio with the responsibility for providing opportunities for the children of its schools and of directing those public school activities, which the state entrusts to its care and supervision, a carefully planned pattern of administrative authority is observed by the Board. In fulfilling its obligations, the Board acts through the power of legislation by the determination of policies and the evaluation of the results. The direct administration of the school system is delegated to the Superintendent of Schools whom the Board appoints to act as chief executive officer of the Board. The Superintendent is held individually and directly responsible to the Board of Education for the execution of all its policies and its legislation, for the development, supervision and operation of the school program and facilities, and for such other duties assigned to him/her by the Board.

In the absence of Board policy, the Superintendent shall exercise his/her best judgment in addressing any situation which may arise. However, the Superintendent's decision may be subject to review by the Board of Education at its next regular meeting. It is the Superintendent's duty to inform the Board of Education of any such action and of the need for an official policy.

In general, it is the primary duty of the Board to establish policies and that of the Superintendent to administer such policies. In administering the policies of the Board, the Superintendent may promulgate and implement administrative guidelines, procedures, and regulations. As long as the contents of these administrative guidelines, procedures and regulations are not inconsistent with Board policy or federal or state laws, rules, or regulations, they shall be considered an extension of Board policy and binding upon all employees, students, and other persons.
