

## 7.28 INTERSCHOLASTIC ATHLETICS

The Franklin Local Board of Education believes individual students will benefit through opportunities to grow physically and intellectually through their experience in self-discipline and their contribution to team effort made possible through competitive interschool and intramural team and individual sports activities.

It is the Board of Education's policy to provide high school and middle school students interscholastic athletic competition in a variety of sports. Students shall be allowed to participate in individual sports on the basis of their physical condition and desire. Qualified personnel shall be provided for coaching and supervising individual sports. In addition, it is the policy of the Board to provide intramural athletic activities as an outgrowth of class instruction in physical education and commensurate with the grade level of the students involved.

The purpose of athletics is both educational and recreational. The athletic program should encourage participation by as many boys and girls as possible and should be carried on with the best interests of the participants as the first consideration. This should be done without unreasonable interference with other obligations in the school community.

It is recognized that a well-organized and well-conducted athletic program is a potent factor in the morale of a high school student body and an important phase of good community-school relations. Too great an emphasis on winning contests or too consistent a record of losing them are both harmful to the development of good attitudes among students and the public.

### Policy Conditions

- A. Participation in interscholastic athletics is limited to students in grades 9-12 with participation of properly supervised teams from grades 7 and 8 also permitted in a limited program within their own grade levels with other schools.

No expenditures for athletic purposes may be made in excess of those listed in the budget without approval of the Superintendent.

J. A student who is enrolled in the District, but whose parents do not reside in Ohio, shall be permitted to participate in interscholastic athletics if the student resides in Ohio with the student's grandparent, uncle, aunt, or sibling who has legal or temporary custody of the student or is the guardian of the student, as defined in O.R.C. 2151.011.

In order to minimize health and safety risks to student-athletes and maintain ethical standards, school personnel, coaches, athletic trainers, and lay coaches shall not dispense, supply, recommend, or permit the use of any drug, medication, or food supplement solely for performance-enhancing purposes.
