What are differences between high school & college?

	High School	College
Study Time	Required homework ranges between 1-3 hours per day	2-3 hours of studying/reading for each hour of class
Knowledge Acquisition	Information provided mostly in class, assignments to follow what was covered	Out-of-class work in advance of in-class discussion
Tests	Given weekly or at the end of each unit	Less frequent and cover more material

What are differences between high school & college?

	High School	College
Grades	Numerous quizzes, tests, homework assignments, etc.	Fewer tests and few homework assignments
Role of Parents/Guardians	Guardians advocate, involved and work with teachers & counselors	Student has more responsibility; guardians more of a mentor/support
Accommodations	Parents and students work with high school staff to determine what assistance or accommodations can be made for students with IEPs or 504 plans	Students must work directly with college staff to determine if accommodations are needed; IEPs and 504 plans may or may not be included in the discussions

FERPA

- You may not be familiar with FERPA, but it will provide a difference between high school and college experiences. In the K-12 system, both parents and students have equal access to the child's educational records. Once a student starts attending college, however, the rights transfer to the student alone. You may be used to contacting your child's teachers directly. At the college level, your child will be the one responsible for contacting faculty and staff.

What does it mean to be “college-ready”?

Being “college-ready” is more than just being academically ready

- Consider emotional and social transition and college expectations
- Consider time management and organizational skills

What are benefits of participating in College Credit Plus?

Students can:

- Earn high school and college credits at the same time
- Get a head start on career planning and earn degrees or certificate completions

- The student does not earn a passing grade in their course
- The student withdraws after the no-fault deadline at the college

NOTE: A student that is considered “economically disadvantaged” can not be asked to reimburse the cost of the course(s)

What are the expenses for College Credit Plus?

Option A:

- The family/student can choose to self-pay for college courses at the standard rate of tuition, fees, and textbooks
  - Students/families should arrange a plan for payment with the college or university
- Students can choose to earn college credit and high school credit OR only college credit
  - Students must inform the school of their choice of credit for courses

What are the expenses for College Credit Plus?

Option B:

- The “default” or standard option for College Credit Plus
- All college course tuition, fees, and textbooks will be paid by the state of Ohio
  - Supported by the school’s foundation funds and the college’s funds

College Credit Plus Invoice

Dear Franklin Local School District Student,

Our records indicate that you received failing grades for college credit courses taken through the College Credit Plus program. Ohio Revised Code 3365.09 states the following:

If the superintendent, or equivalent, of a public secondary school in which a participant is enrolled determines that the participant has not attained a passing final grade in a college course in which the participant enrolled under this chapter, the superintendent, or equivalent, may seek reimbursement from the participant or the participant's parent for the amount of state funds paid to the college on behalf of the participant for that college course.

Further interpretation of this statue indicates that a public secondary school may also seek reimbursement if a student withdraws from or drops a college course subsequent to the 14th calendar day after the particular course began.

Therefore, please consider this an invoice for reimbursement of the following course costs billed to the District by the College:

Course:	Credit Hours:	Cost Per Credit Hour:	Total Due:

Please also note that Ohio Revised Code 3365.09 also states the following:

The governing entity of a public school, in accordance with division (C) of section 3313.642 of the Revised Code, may withhold grades and credits received by the participant for high school courses taken by the participant until the participant or the participant's parent provides reimbursement.

We would appreciate your timely handling of this invoice, so the District does not have to delay releasing of grades or credits. Thank you.

Sincerely,
Scott M. Paul, Treasurer

College Credit Plus – Textbooks Purchasing Policy

The College Credit Plus law states that the School District is responsible for providing instructional tools ("books") for their College Credit Plus students. All Franklin Local School District students taking college credited courses on a college campus or through online access must obtain a list of textbooks (including the ISBN numbers) for their courses from the college. Once the list of textbooks has been obtained, the list of textbooks (including the ISBN numbers) shall be provided to the Philo High School building secretary or the Central Office secretary as soon as possible to ensure students will have the textbooks prior to the start of the course. The list of textbooks will be checked with the district's current college textbook inventory to ensure that we do not have the textbooks in our inventory prior to ordering new textbooks. If the textbooks are not in the district's current college textbooks inventory, the Central Office secretary will obtain the textbooks at the best possible price. The student will be informed of the the next steps to obtain the required college textbooks.

The college textbooks purchased for the College Credit Plus program are the responsibility of the district and therefore are district property. All students are required to return college textbooks to the Philo High School building secretary in a timely manner upon completion of college course work. Please note that if college textbooks are not returned, the district has the right to charge the student for the textbooks.

Please do not go directly to the college book store to purchase your college textbooks, no matter the guidance from the college. The district is in charge of purchasing all college textbooks. Thank you.

I, (Parent and Student) acknowledge by my signature below that I have read and understand the district's college textbooks purchasing policy.

"I really like College Credit Plus classes at OHIO Chillicothe. I'm able to push myself harder. It makes me think more and gives me an opportunity to learn beyond what's being taught at my school."

MAYCEE SMITH
CC+ Student, Unioto High School junior

College Credit Plus (CC+)

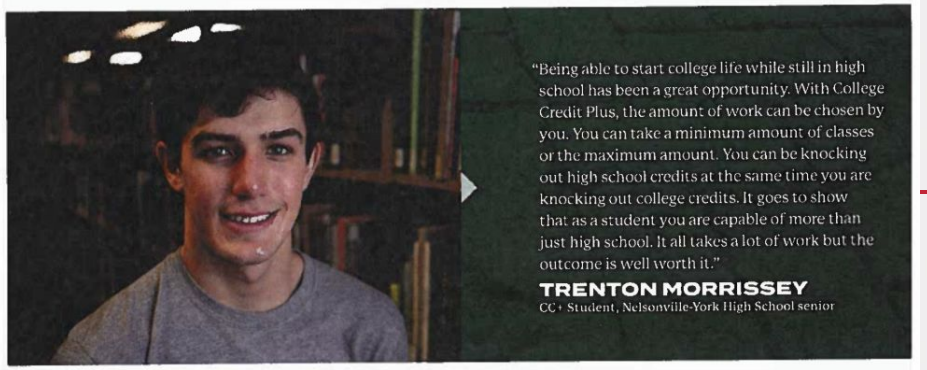

Ohio University's College Credit Plus (CC+) program can help secondary students earn college credit and satisfy high school graduation requirements at the same time by taking college courses. The purpose of this program is to promote rigorous academic pursuits and to provide a wide variety of options to college-ready students. In most cases, taking college courses during the regular academic year from Ohio University is free. That means no cost for tuition, books or fees.

OHIO.EDU/DUALENROLLMENT

"I honestly wish that I would have started taking CC+ classes earlier in high school. I come from a family of five daughters. From a young age I was taught the importance of money management. With this being said, I have to pay for college. After looking into this program, I knew that it was something that I needed to do. Here I am with two years of college done right out of high school. Even if you aren't sure what major you want to go into, it is still a great opportunity because you are able to complete common core classes needed for most majors."

ALICIA GRAHAM
CC+ Student, Licking Valley High School senior

"Being able to start college life while still in high school has been a great opportunity. With College Credit Plus, the amount of work can be chosen by you. You can take a minimum amount of classes or the maximum amount. You can be knocking out high school credits at the same time you are knocking out college credits. It goes to show that as a student you are capable of more than just high school. It all takes a lot of work but the outcome is well worth it."

TRENTON MORRISSEY
CC+ Student, Nelsonville-York High School senior

Eligibility and Letter of Intent

Participation in Ohio University's CC+ program is available to any seventh through twelfth grade student who is an Ohio resident and meets Ohio University's requirements for admission. Applicants must notify their secondary school by April 1 in order to be considered for any term the following academic year.

All application materials, including grade reports or high school transcript and standardized test scores, if applicable, must be submitted electronically or postmarked by the following dates:

Summer Semester (session II only) - April 1

Fall Semester - May 1

Spring Semester - November 1

CC+ applications for new, first-time enrollment in summer semester will be considered for second summer session only. Continuing CC+ students may enroll during either or both summer sessions. Because of the time needed to process the application and schedule orientation, applications may only be accepted after these deadlines on a space-available basis per campus.
